## BOOSTERS CLUB GROWING FAST

Has Over One Hundred Members and the Numbers Still Growing

### WILL MEET OCTOBER 7

The Earlinton Booster Club is a healthy youngster and can now boast of over 100 members. The committee on membership has been doing good work one member alone securing 60 new members and he is still working. The object of this club is for the betterment of Earlinton in every way especially financially. The members of this club mean business and will use every means in their power for the upbuilding of Earlinton. A special invitation is given to all who desire to attend the meeting at the city hall on Thursday night Oct. 7, and they are requested to come prepared to identify themselves with this movement. Rome was not built in a day and this Boosters Club does not expect to accomplish any great results in a month, but they do expect to keep on hammering away until results are accomplished and Earlinton will increase in population and industries.

It is an old but true saying that a long pull, a strong pull, and a pull altogether will win the day, and there is no reason why a community whose interests are identical should not work together harmoniously for the betterment of the town and its citizens. Come out to the next meeting of the Boosters Club on Thursday night, Oct. 7, and you will learn something that will interest you.

### We Were Some Glad

Fellow dropped in the Bee office the other day and ordered the paper for a year, and we were pleased. Said the paper was a good one, and we were glad. Said it was more than worth the money to any man or woman of intelligence, and we were tickled. Said it was the mainstay of the town and a friend to every family in the town, and we were super-tickled. Said it was the greatest booster and the most reliable town builder and developer in the whole community, and we yelled with joy. He then paid two years subscription in advance and said he was going to get his neighbors to subscribe, and we all gently to the floor in blissful unconsciousness. Nature had reached the limit.

### Is Advertising Expensive

Advertising that is regarded by the advertiser as an expense is just that. There is something wrong with it. Nine times out of ten the copy has a charley-horse. And whose fault is that? Advertising? Not on your life. It's the fault of the man who is paying for the advertising. Go to his store, and the chances are that you will find it slowly expiring from dry rot. The goods will be dirty and unkempt. The shelves will be dusty and neglected. Even the boss will have a grouchy, and the grouchy never attracts buyers. Life is too short to waste with the wooden faces. It isn't the advertising that's expensive, it's the lack of push that is behind the failures.

**Yes—Many People** have told us the same story—distress after eating, gases, heartburn. A **Renall Dyspepsia Tablet** before and after each meal will relieve you. Sold only by us—25c. St. Bernard Mining Co., Incorporated, Earlington, Ky.

### Civic Carelessness

Did you see your friend toss a newspaper down on the street? It was a little thing and not of any great consequence. But when everybody, or a great number of bodies, do the same it litters up the public places and gives the town an appearance of backwardness and slothfulness and decay which operates as a detriment in the minds of all progressive people, especially when these people are from a distance. But instead of throwing down the papers, and kicking other refuse into the street, suppose each citizen should make a practice of keeping the town clean, and bright, and attractive, wouldn't it be good for the eye to see? It's easy to do—if we want to do it.

## MANY CHANGES IN GAME LAW

Will be Urged at the Next Session of the Legislature to Secure Better Protection.

Many changes in the fish and game laws of Kentucky to be recommended to the next general assembly were adopted by the Kentucky fish and game commission at its meeting at the State Fair in Louisville. Copies of the resolution are to be sent to all representatives and senators, the secretary of the department of agriculture and the chief of the State biological survey. Joseph G. Sachs, of Louisville, chairman of this commission, presided at the meeting. Members present were: Dr. A. G. Giff, of Williamsburg; J. E. Cridder, Jr., of Fredonia; R. R. Burnam, of Richmond. The fourth member was not in attendance as he is now in California. The changes proposed follow:

To amend the law which permits the killing of doves from August 1st to January 1st, providing for a bag limit of fifteen birds per day; prohibit the killing of wild turkeys, pheasants and imported game birds and deer for five years. Amend the squirrel law to permit killing of squirrels from June 15th to January 1st; repeal the law providing for their protection from September 15th to November 15. Shorten the quail season fifteen days, providing for a bag of fifteen birds per day. Prohibiting the taking of fish from any of the public waters of the State except with a hook and line or trot line. Prohibit the taking of any black bass, pike, perch or channel cat under eight inches in length; prohibit the sale of any fish in the State under the size limit.

Another resolution was adopted to the effect that Kentucky will ask for representation in the advisory board should the federal migratory bird law be declared constitutional.

A report of the activities during the last year and outlines of a meeting of Kentuckians in Louisville in December showed that \$10,000 of the commissions fund was appropriated for the purchase of game birds for distribution throughout the State. The car owned by the commission delivered twenty-five loads of fish to various points in the State.

## GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair stops falling out and gets thick, wavy, strong and beautiful

Your hair becomes light, wavy fluffy, abundant and appears so soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

## REPEAT GOOD ROADS MEETING

Bee Line Gathering Plans For November, 4th Under Way

Evansville Courier

The stirring good roads meeting which was held here on June 26, last, when the Dixie Bee Line Association was organized by some 1,500 people who flocked here from Indiana, Kentucky, Illinois and Tennessee, is likely to be duplicated on Nov. 4, when the Dixie Bee Line route commission meets here to select the official route for the Bee Line from Danville, Ill., south.

Mayor Bosse, president of the association, announced yesterday he has been informed by people of Hopkinsville and Guthrie, Ky., and Springfield, Tenn., that large delegations from each of these places are coming here at the time the route is selected.

Others from every section interested in the line will no doubt be here in large numbers on that date and the mayor approached officials of the L. & N. Railroad on the matter of reduced rates from all points south for the day of the meeting.

The officials have told the Bee Line president that special rates can probably be arranged for and a two-days' stop-over in Evansville will likely be allowed on all tickets. This will give the road boosters a trip to this city and an opportunity to spend two days here.

November 4th is on Thursday and those coming in on special trains would have the option of remaining over until Saturday.

### In Memoriam

In memory of Mrs. Ann Haley who died Sept. 18, 1915.

A loving one from us has gone,  
A voice we loved is stilled,  
A place is vacant in our home  
Which never can be filled,  
The rolling stream of time rolls on,  
But still the vacant chair  
Recalls the love, the voice, the smile  
Of the one who once sat there.

A happy home is dark with grief,  
And joy has put its dark robes on,  
And sorrow sits and weeps and sighs  
A loved one of our home is gone,  
Lonely the house, and the hours,  
Since our dear one from us is gone  
But, oh, a brighter home than ours,  
In heaven, is now her own.

The flowers we lay upon the grave,  
Will wither and then decay,  
But the love we bore for you dear Grandma,  
Will never fade away.  
God in his wisdom has recalled  
The boon his love had given,  
Although her body slumbers here,  
Her soul is safe in heaven.

We think of you and sadly speak your name,  
In life we loved you dearly,  
In death we do the same.  
We will often sit and think  
Of you dear Grandma,  
When we are all alone,  
For memory is the only thing  
That grief can call its own.  
—A Granddaughter.

## FORMER "ICE KING" TALKS

John Rohman Praises Remarkable Work of Medicine Tanlac

Louisville, Oct. 1.—Almost everybody in Louisville is personally acquainted with or have heard of John Rohman. The "Ice King" of Louisville as he was formerly called by those who have known and respected him for his honesty and integrity for a score or more years, has been a sufferer from stomach complaint and a general debilitated condition for a considerable length of time.

Like lots of other folks, Mr. Rohman was a little skeptical regarding the merits of the new preparation, Tanlac, as he had tried numerous medicines in the past without obtaining the right results. However, the publication of testimonials from Louisville people he knew who had been actually benefited by Tanlac, convinced him that a test of the preparation was worth the attempt. Mr. Rohman had suffered much annoyance from indigestion, especially. He got Tanlac and began using it. A few afternoons ago he was prepared to make this statement in the presence of witnesses.

"Less than two weeks ago I obtained this Tanlac. The medicine was just what I needed. It went straight to the spot. I straightened right up. My appetite is improved, as well as my sleep. If I had paid a thousand dollars for the medicine, it would have been worth that to me. The anticipation of taking the next dose of Tanlac is a real pleasure."

Tanlac, the remarkable medicine, referred to by Mr. Rohman, is now distributed in Louisville by the personal direction of L. T. Cooper, and in Earlinton and St. Charles, at Geo. King & Sons; in Mortons Gap at Ben T. Robinson's drug store and in Nortonville at the City Drug Store, where the famous medicine can now be bought.

## Aggressive Campaign for National Preparedness

Washington, D. C., Sept. 27.—An aggressive campaign for national preparedness in the State of Kentucky is planned by the Navy League for the fall and winter months. Gov. J. B. McCreary, one of the most sincere and enthusiastic workers for adequate national defense has consented to become chairman of the Navy League's Committee for that Commonwealth and steps will be taken at once to inaugurate actual work.

Associated with Gov. McCreary will be Adj. Gen. J. T. Ellis and Hon. L. F. Johnson, of Frankfort, as well as Mr. N. P. Bloom, of Louisville. To the State Committee already appointed will be added from time to time committeemen from every electoral district in Kentucky, who will be appointed by Gov. McCreary after consultation with the local committee.

In a letter to Gen. Horace Porter, Honorary President of the Navy League, Gov. McCreary places himself squarely on record in behalf of the immediate construction of adequate national defenses and declares that in the present perilous times public interest cannot be awakened too much in the development and efficiency of the Army and Navy. Gov. McCreary's letter is as follows:

"I heartily endorse the efforts now being made by President Woodrow Wilson in calling on the Secretary of War and the Secretary of the Navy for the conditions of the United States Army and the United States Navy.

"Public interest cannot be too much awakened at the present time in all matters tending to aid, improve or develop the efficiency of the Army and the Navy."
